Pertaining to the use of the Water Department earnings or surplus, there is nothing in the Acts of 1887, Chapter 167, Sec. 15, or any other amendments thereto, as to how the money may be spent.

The District voters may provide Rules and Regulations for the management of its Water Dept. not inconsistent with this Act or the Laws of the Commonwealth.

The Water Dept. is expected to do business at a profit and build up a Reserve Fund.

The Commonwealth of Massachusetts states that water can be shut off on any and all takers who fail to pay their bills, and a lien placed on property. This latter procedure has been neglected in the North Easton Village District for years, with the result the Water Dept. has lost plenty. This is 1950. Let's start the District doing business in a business way. Taxpayers, being indifferent cause high taxes.
